“I will likely file legislation next session on that subject and work with the administration on the issue.”
- Include other legislators’ names indicating they are candidates for a particular office and their position on issues.
- Be sent to constituents outside of the legislator’s **current legislative district**, unless the person has requested to be on the mailing list.

Advisory Opinion 18-02 Issued May 17, 2018

1. May a legislator, after a state-funded relocation to Juneau for a legislative session, attend and sponsor a fundraiser for a state election campaign before the start of the legislative session?

A legislator, after a state-funded relocation to Juneau for a legislative session, may attend and sponsor a fundraiser for a state election campaign before the start of the legislative session.

2. May a legislator, after a state-funded relocation to Juneau for a legislative session, attend a political forum or a fundraising dinner for a political party in Juneau during that legislative session?

A legislator, after a state-funded relocation to Juneau for a legislative session, may attend a political forum or a fundraising dinner for a political party in Juneau during that legislative session, as long as the legislator merely attends and does not directly or indirectly host, co-host, solicit participation, promote the event, or aid the fund raising.

Distributing Legislative Newsletters

What is the cut-off date for mailing or distributing a legislative newsletter (this includes those printed by the Legislative Print Shop) or sending a newsletter via e-mail prior to an election?

The Legislative Ethics Act does not stipulate a date. However, **the closer to Election Day that a legislative newsletter is mailed or emailed, the greater the appearance it has of a political “campaign mailing.”** We recommend no later than 30 days prior to an election, but it is a personal decision each legislator must make.

Primary Election—30 days prior is **July 22**

General Election—30 days prior is **October 7**

There are always exceptions to the 30-day recommendation. The bottom line rests on the content of the newsletter, the timeliness of the information, the timing of distributing the newsletter, and to whom it is being sent.

Examples:

May be appropriate: Major sewer issue in a legislator’s district. It may be timely to send information to the residents affected by the issue during the 30-day period.

Probably not appropriate: Sending a general information legislative newsletter during the 30-day period that could be sent after the election has the appearance of a “campaign mailing.”
