THE ADVISOR

JUNE 2010, SECOND EDITION

IMPORTANT INFORMATION!
PLEASE READ IMMEDIATELY!

Effective today, June 16, 2010, the Ethics Committee rescinded their action of May 27th, regarding Advisory Opinion 10-01, State Paid Travel and Collateral Campaigning Activity.

Due to this action, the previous recommended policy from August 19, 2008, is applicable.

Below is an explanation:

USE OF STATE RESOURCES **CAMPAIGNING, FUNDRAISING, PARTISAN POLITICAL ACTIVITY**

The use of state resources are prohibited for fund raising, campaigning, or involvement in or support of or opposition to partisan political activity. AS 24.60.030(a)(2) and AS 24.60.030(a)(5). Please take a moment to review the following information:

None of the exceptions to the use of state resources in AS 24.60.030 allow political fund raising, campaigning, or partisan political activity during a legislative business trip made with *state resources*. The Ethics Committee continues to recommend the legislature revisit this absolute restriction in statute in view of the vast difference between urban and rural legislative districts.

Continued from page 1

STATE RESOURCES is defined as: “State funds, facilities, equipment, services, or another government asset or resource, including money provided by the legislature to cover or reimburse the costs incurred by a legislator or legislative employee as the result of travel on legislative business.”

Exemption: Travel costs incurred to and from the capital city and other locations within Alaska in order to participate in legislative sessions are not considered a “state resource” for purposes of this discussion.

If a legislator or legislative employee makes a trip for legislative business and “non-state resources” are used to pay for the trip, the above prohibition is not applicable.

NON-STATE RESOURCES include:

- ◆ Campaign Funds
- ◆ Personal Funds
- ◆ POET Account
- ◆ Office Allowance Account (a non-state resource for purposes of this discussion).

Note: Both the POET Account and Office Allowance Account must be used for a “legislative” purpose and cannot be used for a “campaign” purpose.

QUOTE OF THE MONTH:

“The purpose of ethics laws, first and foremost, lies in promoting both the reality and perceptions of integrity in government.”

Mark Davies quoted in *Government Ethics and Law Enforcement: Toward Global Guidelines (2000)*

Have a great summer!
