Attendance at the 2025 American Legislative Exchange Council Academy of Legislative Excellence strengthened my ability to provide high-quality policy analysis, research, and support to our office. The Academy's focus on state-level fiscal policy, education, energy, and infrastructure provided practical tools and insights directly applicable to Alaska's ongoing challenges. Participation also facilitated connections with legislators and staff nationwide, allowing for the exchange of best practices and innovative approaches that could be adapted to our unique context. This training represented a professional development opportunity that enhanced my capacity to deliver informed recommendations, strengthen legislative strategy, and ensure our office remained equipped to address both immediate policy questions and long-term priorities.
